I have a Pass for multiple SeaWorld Parks. Do I need to create a profile on each website?

Multi-park members only need to create one online profile. Once created, the same profile can be used across all SeaWorld Parks Pass Member websites.

I can log into SeaWorldOrlando.com but my email and password combination isn't working on the Pass Member website.

The Pass Member website requires a separate login and account to access it. You may have an account created for SeaWorldOrlando.com, but you will need to create an account for the Pass Member website as well. To do this, please follow the steps above.

I have multiple Passes on my account. Can I redeem offers for the other Passes?

Yes, Pass Members can access offers for other Pass Members on their account. When an offer is restricted to 1 redemption per Pass Member, you can redeem it for other Pass Members in your household by creating a new profile for the individual Passes OR by following the steps below:

2. Under the login module, click *Check a Pass: Enter the Barcode*

Registration Restrictions

Pass Members under the age of 13 cannot register an email address to their barcode or save any profile information. They will, however, have access to specific renewal offers for their Pass when logged in. To access and purchase a renewal offer specific to a child's Pass, the Pass Members and/or their family members will need to login using the *Check a Pass: Enter the Barcode* link under the login module.

Why can't I update my profile?

If you logged in using your barcode and zip code, you will be unable to update any profile information. You will need to create a profile and login using your email and password to update account information.

RENEWALS OR NEW PASS PURCHASE

I have an expired Pass (or my Pass is about to expire) and want a new one, what do I do?

If you already created an online profile for your expired Pass: Login using your email address and password. Then click the *Renew* button next to your Pass information. On that page, you can choose from a few different renewal options.

If you did not create an online profile for the expired Pass: Create a profile with your expired Pass' barcode. Then click the Renew button next to your Pass information. On that page, you can choose from a few different renewal options.

I just bought a Pass and I want to link it to my previous Pass Member profile.

Any new Pass purchased on a park website, front gate or over the phone will not be tied to the previous online profile. You will need to create a new profile with a different email address. Only Passes purchased through the online renewal system will be linked to current profiles.

How do I know when I expire and if I am in good standing?

Upon site log in, you will see the *My Passes* module on the left-hand side of the page. The green, yellow or red icon will let you know if: Your pass is active (green), Your pass is expiring soon (yellow) or Your pass is expired (red). Additional information can be found by rolling over each pass, or selecting the *View all my passes link* in the module, or selecting *My Passes* in the site navigation bar.

Note: Passes purchased on EZ Pay that have reached their original year commitment will remain yellow.
