Introduction

The SeaWorld Sleepover Program is a one-night indoor camping experience for you and your group. All participants sleep on the floor in an animal exhibit. The Sleepover Program includes activities, dinner, breakfast and admission the day after your sleepover. This program is a fully supervised event as our counselors will be with you from 5:45 p.m. to park opening the day after your sleepover.

Whether it's learning about the differences between fish and dolphins or what a pinniped is, our staff prides itself on delivering an educational experience in a fun learning environment. All information and activities are presented to your group based on the grade level of the children attending the sleepover. The information and activities provided by the SeaWorld Sleepover staff members support the national and state standards for science education. During your stay we will keep you quite busy with activities, so be prepared to go to bed late. Our park is our classroom, so please be prepared to walk quite a bit as we take you to different areas to learn about the animals and participate in the activities.

We provide you dinner the evening you arrive and breakfast the next day. We do take a break from the evening's activities to have a snack. Please see the "Meals" section to review what we offer for the Sleepover Program.

Administration of the Program

The Sleepover Program at SeaWorld is under the direction and supervision of the SeaWorld San Diego Education and Conservation Department.

All SeaWorld Sleepover Coordinators, Activity Leaders and Counselors are staff members of SeaWorld's Education and Conservation Department. All staff members must pass a drug test and criminal background check before working with the Sleepover Program. Once hired, their training includes behavior management, marine animal natural history, and educational SeaWorld-themed crafts, games, and songs. In addition, Sleepover staff members receive extensive training regarding camper health and safety.

What are the Group Leader's responsibilities?

The person who made the reservation is the main contact and who we consider to be the Group Leader. We are not allowed to give out any information regarding your sleepover to anyone but you, the group leader. This includes, but is not limited to confirmation number, date, sleeping area, names on the roster, adjustment to the number of people or total cost of the sleepover. This is to ensure the safety and privacy of all attendees. We may give out general information that would cover any of our sleepovers to someone inquiring, but for information regarding your sleepover we will refer them to you.

Please do not give out your Confirmation Number to anyone. This is what we consider to be a password and therefore verifies that the person we are speaking with is the Group Leader. By giving your confirmation number out to someone else, you are authorizing them to make changes to your sleepover such as changing the date, venue, people attending, etc. SeaWorld will not be held liable if this situation occurs.

Please make sure that the deposit, final payment, roster, and all Health History and Releases packets for your group are mailed to us by the due dates. If we do not receive these items by their due dates it could result in the cancellation of your sleepover.

If you are not able to continue as the main contact please call us at (800) 25-SHAMU extension 4 to give us the new contact's name and information. We may also ask you to fax a letter stating this to (619) 226-3634.

Sleeping Venues

The SeaWorld Sleepover Program provides a once in a lifetime experience sleeping next to the underwater viewing area of colorful fish, beautiful beluga whales, awesome sharks, and more. All sleepover participants sleep on the floor, so we do suggest bringing a foam camping pad to sleep on, which can be found at any sporting goods store.

The following animal sleeping venues are available all year long except where noted. The maximum capacities are listed with each venue. Unfortunately, we are not able to go over the maximum capacity for the venues due to fire code restrictions.

Shark Encounter – This sleeping venue can sleep a maximum of 32 participants, which includes both children and adults. Approximately twelve children can sleep in the Shark Tunnel, dependent on the size of the children, while the rest of party sleeps in front of a large aquarium wall. Both groups will be able to view the different sharks in the Shark Encounter. This venue is one of our warmer venues, therefore we recommend bringing lightweight sleeping bags to sleep in.

World of the Sea Aquarium – (available March thru May) This sleeping venue can sleep a maximum of 65 participants, which includes both children and adults. There are large aquarium walls filled with different and colorful fish on all four sides of you. The World of the Sea Aquarium is our warmest sleeping venue, therefore we recommend bringing lightweight sleeping bags to sleep in.

Penguin Encounter (available January through March and October through December) – This sleeping venue can sleep a maximum of 50 participants, which includes both children and adults. Our Penguin Encounter houses six different cold weather penguins. The Penguin

Encounter is one of our colder venues, therefore we recommend that your group bring outdoor rated sleeping bags and wear sweats to sleep in.

Alcids Exhibit (available April through September) – This sleeping venue can sleep a maximum of 26 participants, which includes both children and adults. Our Alcids Exhibit is located inside the Penguin Encounter and houses three different types of alcids (tufted puffins, common murre, and rhinoceros auklet). The Alcids Exhibit is one of our colder venues, therefore recommend bringing that your group bring outdoor rated sleeping bags and wear sweats to sleep in.

Wild Arctic – This sleeping venue can sleep a maximum of 40 participants, which includes both children and adults. You will sleep in front of the underwater viewing of the beluga whales. The Wild Arctic is one of our colder sleeping venues, therefore we recommend that your group bring outdoor rated sleeping bags and wear sweats to sleep in.

Journey To Atlantis – This sleeping venue can sleep a maximum of 23 participants, which includes both children and adults. You will sleep in front of the underwater viewing of the tropical rays (Spotted Eagle Ray, Southern Ray, and Cownose Ray) and a variety of tropical fishes. This is one of our warmer venues, therefore we recommend bringing lightweight sleeping bags to sleep in.

Turtle Reef – This sleeping venue can sleep a maximum of 65 participants, which includes both children and adults. You will sleep in front of the underwater viewing of the sea turtles and a variety of tropical fishes. This venue is one of our warmer venues, therefore we recommend bringing a lightweight sleeping bag to sleep in.

Next-Day Discount for Family Members

Do you have any family members that would like to enjoy SeaWorld with you the next day? Well, we have a savings for them. They will receive a 20% discount on the current general admission price*. The day after your sleepover they will need to go to the Will Call and Travel Voucher Window and give your name (the main contact) and the area that your group is sleeping in. It's that easy! For current general admission prices please call (800) 25-SHAMU.

Remember to prearrange a meeting place as we will not have contact with you after you are released in the morning when the park opens. A good meeting spot is at the Entrance Plaza; that way you will see your family members as they enter the park. Or, if you have just finished eating at Breakfast with Shamu have your guests meet you at Shamu Close Up. It's located right by Breakfast with Shamu and best of all; they can watch the killer whales while they wait for you.

*This discount is not valid on Fun Cards, Passports, already purchased tickets, or used in conjunction with another discount. Tickets must be purchased on the day the group is attending SeaWorld for the day in the park and cannot be used to purchase tickets ahead of time.
